

Key Geographical Organising Concepts						
Space	Place	Scale	Interdependence	Physical and Human Processes	Environmental Impact and Sustainable Development	Cultural Awareness and Diversity

Key Curriculum Themes		
Rivers	Mountains	Economy
Culture and Diversity	Climate and Weather	Land Use and Settlement
Changes Over Time	Environmental Impact	Volcanoes and Earthquakes
Migration	Energy	Biomes

Understanding the World

- *Past and Present*
- *People, Culture and Communities*
- *The Natural World*

Including draw information from a simple map; understand that some places are special to members of their community; recognise that people have different beliefs and celebrate special times in different ways; recognise some similarities and differences between life in this country and life in other countries; explore the natural world around them; describe what they see, hear and feel whilst outside; recognise some environments that are different from the one in which they live; understand the effect of changing seasons on the natural world around them
